

ServoActuator

schematic :

on arduino :

code :

```
File Edit Sketch Tools Help
[Icons]
sketch_sep16a$
#include <Servo.h>
Servo myservo ;
void setup() {
    // put your setup code here, to run once:
    myservo.attach(2); //define servo pin
}

void loop() {
    // put your main code here, to run repeatedly:
    myservo.write(180); // give it position
    delay(500);
    myservo.write(0);
    delay(500);
}
```
